Howard said that VADEQ hasn't decided where to site the monitors, they have not yet developed any QAPPs. This is too premature.

We should be good to go on this...I read it really fast and they are not looking for anything from us aside from an acknowledgement of the letter received. AJ did reach out to the grants office to let them and inquire on a response if other than "received" was needed.

Thanks,

Well here's a first in my 18 yrs at EPA! Let's talk and I'll need to reach out to the grants office to see how we respond to this...I don't believe we can provide them anything related to the grant without a FOIA. But I'd like to have the legal language for how when respond.....

Thanks,

Hi Paula – see message below. It looks like its from the Sierra Club re: the VADEQ CSATAM grant. I'm not sure how to proceed. Thanks!
